

# SPRINGFIELD GLOBE

The GLOBE, Vol. XL No. 112  
PUBLISHED WEEKLY  
SPRINGFIELD, MO., TUESDAY, FEBRUARY 16, 1886.

SPRINGFIELD, O., TUESDAY EVENING, FEBRUARY 16, 1886.

PRICE TWO CENTS.

## WEATHER FACTS.

Wednesday, Feb. 16. Conditions for the day: Fair, with a light breeze from the west. The temperature will be in the 40s and 50s. The weather is generally clear, with a few light clouds. The wind is light and variable. The temperature is in the 40s and 50s.

SPRINGFIELD,  
Feb. 16, 1886.

**\$10.00 AND \$12.00**

Special lines of all wool, cork-screw worsted suits to stir the trade of early spring, in sack suits \$10.00; in 4-button cut-away, \$12.00. New, fresh stock, direct from our factory last week.

A line of men's heavy all wool basket worsted, double-breasted, bound all round, less fresh but good as you'll find outside at \$10, yes, \$18—take your pick for \$10.

All wool pants \$1.75. Your attention is particularly desired on the subject of pantaloons. Odds and ends and broken lines, in first, second or third class pants, for so little money as to cause expressions of surprise among the great in come of trade. The out-go will continue until every pair is doing duty. This is pant bargain month. And too, we claim better making. For

price, compare the two insides, ours with theirs. The pockets, the buttons, the cut, the fit, the look. Compare the hardships of haggle buying with the comforts of seeing the price in plain figures and knowing they're always lowest and never changed.

Enough is said to set you thinking. The seeing is here. There are chances in overcoats for you who have waited. Easy overcoats that fit and make the figure look nicely, no matter whether the coats are handsome or not. Durable coats, just short of beauty enough to make them costly—say \$10 to \$12. In worsted or fine beavers.

**OPEN BROTHERS**

Springfield's only One Price Clothiers.

**NOTICE.**

Dry goods boxes are going.

**NOTICE TO CONTRACTORS.**

Sealed proposals will be received at the office of the Board of Education of the City of Springfield, Mo., for furnishing all the material and constructing a school house, to be located on the corner of First and Second streets, between Third and Fourth streets. The plans and specifications are on file in the office of the Board of Education. The proposals must be accompanied by a check for \$100.00, payable to the order of the Board of Education. The proposals must be received by the Board of Education on or before the 15th day of March, 1886. The Board of Education reserves the right to reject any or all proposals.

**NOTICE.**

Dry goods boxes are going.

## TARIFF BILL.

Morrison's New Bill Introduced in House  
Will Make an Aggregate Reduction of \$2,000,000

On the Basis of Last Year's Importations, and the Proposed Reductions in the Free List \$2,000,000—Capital Notes.

THE NEW TARIFF BILL.  
WASHINGTON, Feb. 16. Morrison's tariff bill, which was introduced in the House yesterday, it is estimated, will make an aggregate reduction of \$2,000,000 on the basis of last year's importations. The aggregate reduction by proposed reductions in the free list is about \$2,000,000. In the metals, pig iron is reduced from \$6.70 to \$5.50 per ton. There is a slight reduction on lead and red lead. Heavy steel and iron rails are reduced from \$12.00 to \$10.50 per ton. Small rail weighing less than twenty-five pounds per yard are reduced from \$20.00 to \$18.50. There is also some reduction in lead and copper.

The only alteration on woods is in the third class, or coarse woods, for which there are at present two rates, two and a half cents per pound on those which cost less than five cents, and five cents per pound on those which cost more than five cents. The duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent.

This reduction is not to apply to sugar from Cuba and other countries where export duty is put on it because a reduction in these cases, it is thought, might be met by increase of export duty. There is a similar change in the duties on sugar from the free list. Canada, the principal source of supply, will not be allowed to pocket the duty. The duties on rice, starch and sugar are reduced.

Added to the free list are wood and lumber, hemp, jute and other fibers, coal, salt and iron, lead and copper ores. Besides these, the duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent.

There is a reduction on window glass of all descriptions, and on some descriptions of plate glass upon which the duty was excepted. The duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent. The duties on iron and steel are reduced from 40 to 35 per cent.

The House Committee on Commerce, yesterday, introduced in the House a bill to amend an act to provide for the collection of duties on imports from foreign countries, and known as "The Consular Court Bill." Mr. Field opposed the present form of the measure, which leaves the compilation of a code for these courts to the Secretary of State and the Attorney General. He thought the code of California ought to prevail in the courts established in California and the code of New York in the courts established in New York.

The shipping committee agreed to substitute the Dunn Free Ship bill for the one already reported, which is a copy of the bill introduced in the House at the last session. The bill is to be introduced in the House at the last session. The bill is to be introduced in the House at the last session.

**A Prize Hooked Up at Sea.**

NEW YORK, Feb. 16.—The schooner Fire Bird arrived yesterday morning in charge of a prize crew. She sailed from New York on January 2 with a cargo of live codfish and codfish. On January 15, she was captured by the U. S. S. Albatross, a U. S. Fish Commission vessel, in the Atlantic Ocean, about 100 miles from New York. The prize crew consisted of the U. S. S. Albatross and the schooner Fire Bird. The prize was valued at \$10,000.

**Postmaster's Convention.**

CINCINNATI, Feb. 16.—The First National Convention of Third and Fourth-class Postmasters, held in the first session of the year, opened here yesterday. A call of the roll showed that thirty-five States and Territories were represented by 164 delegates. A temporary organization was effected. L. H. Hendershot, of Alabama, was chosen temporary chairman and a large number of committees appointed. The convention then adjourned until to-day.

**Death of Commander McCook.**

CINCINNATI, Feb. 16.—Commander Frederick Sheridan McCook, U. S. N. (retired), died here Saturday from injuries sustained by being thrown from a wagon. He was one of the famous "fighting" officers of the Civil War. He was born in Ohio, and served in the 1st Ohio Cavalry. He was killed at the battle of Gettysburg. He was buried in the Soldiers' National Cemetery at Gettysburg.

**Notorious Horse Thief Arrested.**

SPRINGFIELD, Feb. 16.—Joseph Meyers, the notorious horse thief, known as "Calamity Joe," was captured at Glen Hill by Sheriff Sebastian after a lively fight. The outlaw was shot in the hip and shoulder. Meyers was one of the most feared of the desperadoes of the West.

## SCORE ANOTHER.

Crowding the Democrats off the Bridge  
Want the Tariff Restored.

COLUMBIA, Feb. 16, 1886. At the Senate this morning, by a vote of 26 yeas to 16 nays, passed the Pledge Bill creating bipartisan boards of elections in Cincinnati, Cleveland, Columbus and Toledo, to be appointed by the Governor. The Democrats made an effort to amend the bill so as to leave the Cincinnati Judges as judges instead of the Governor, but it failed by a vote of 18 yeas to 21 nays. The House adopted a resolution that the tariff should be restored to its original position. The House adopted a resolution that the tariff should be restored to its original position.

**CONGRESSIONAL PROCEEDINGS.**

**The Proceedings in the Senate.** The President's Case. Feb. 16.—Senator Sherman introduced a resolution that the President should be impeached. The resolution was referred to the Committee on Privileges and Elections.

**The Proceedings in the House.** The President's Case. Feb. 16.—The House adopted a resolution that the President should be impeached. The resolution was referred to the Committee on Privileges and Elections.

**The Proceedings in the House.** The President's Case. Feb. 16.—The House adopted a resolution that the President should be impeached. The resolution was referred to the Committee on Privileges and Elections.

**A STRANGE REQUEST.**

**The Disposition Which a Naval Officer Would Should Be Made of His Body.**  
BOSTON, Feb. 16.—The will of Commodore George W. Hayward, of the United States Navy, who died on board ship at Alexandria, Egypt, a few weeks since, was opened yesterday by Surgeon-General of the Navy. The will was found to contain the following strange provision regarding the disposition of his body: "I direct that my body after death be deposited in a casket of lead, and that the casket be buried in the sea, and that the casket be buried in the sea, and that the casket be buried in the sea."

**Desperate Wrestling Match—The Japs' Ankle Broken.**  
CINCINNATI, Feb. 16.—Every seat in Central Market was occupied last night for a wrestling match between a Japanese and a local wrestler. The match was a desperate one, and the Japanese wrestler's ankle was broken.

## THE FLOODS.

The Waters in the Flooded Districts of New England Slowly Receding.

Dams, Bridges, Mills and Dwellings Carried Away by the Sweeping Torrents—The Loss to Property is Very Heavy.

**THE DAMAGE CAUSED BY THE FLOODS.**  
BOSTON, Feb. 16.—At ten o'clock yesterday morning a tour of the flooded district at the Middlesex showed that the water had receded twelve inches. The damage here is estimated at \$1,000,000. At least \$100,000 the damage to Newell's mills will reach several thousand dollars. At Newton \$30,000 worth of machinery and finished work was flooded, with great loss. 1,000 tons of coal and \$20,000 worth of live stock and valuable patterns of the cotton machinery being sent to the sea.

## LYNCHED BY A MOB.

John Perry Lynched by an Armed Mob at Red Cliff, Cal.—Strikers Strike a Freight Train at Gracia, La.

LAUREL, Cal., Feb. 16.—News has just reached here of the lynching of John Perry at Red Cliff, Cal., by an armed mob, at eleven o'clock Sunday night. This is the man who killed Mike Gleason at Rock Creek last Friday. The sheriff was accompanied by some 300 men, none of whom were disguised. The prisoner was taken from the jail to the Red Cliff water tank, pulled up by a rope and strangled.

Lord Dufferin, Viceroy of India, Has Declined to Garrison Burma With Ten Thousand Troops.

**THE DAMAGE CAUSED BY THE FLOODS.**  
BOSTON, Feb. 16.—At ten o'clock yesterday morning a tour of the flooded district at the Middlesex showed that the water had receded twelve inches. The damage here is estimated at \$1,000,000. At least \$100,000 the damage to Newell's mills will reach several thousand dollars. At Newton \$30,000 worth of machinery and finished work was flooded, with great loss. 1,000 tons of coal and \$20,000 worth of live stock and valuable patterns of the cotton machinery being sent to the sea.
